Mark Guevara, Esq., EIT, PMP

Senior Claims & Schedule Analyst

Mr. Guevara has over 23 years of experience in the engineering & construction industry as a civil engineer, construction law attorney, and construction schedule/claims analyst. Prior to joining ARCADIS, his experience included large-scale, public and private sector projects with the U.S. Army Corps of Engineers and Fluor Corporation. Mr. Guevara has considerable knowledge in project management, contract administration, and the evaluation and resolution of all aspects of construction claims, including, CPM schedule delays and disruption, loss of productivity, entitlement, causation and cost/damage analysis on a variety of projects, including roads, highways, bridges, tunnels, dams, power plants, schools, hospitals, prisons, parking structures, and commercial developments. He has lectured on various construction topics and has appeared before dispute review boards and panels.
